DETAILED ACTION

Claim 1 was canceled by an amendment dated 2/7/05.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Scheinberg on 10/24/05.

The application has been amended as follows:

Cancel claim 23.

Allowable Subject Matter

Claims 2-22 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: With respect to independent claims 2, 13, 18, and 22, the prior art of record does not disclose nor teach an apparatus and comprising an input screen to which voltage is selectively applied relative to the target so as to attract positive or negative secondary charged particles emitted from the target, an ion-to-electron converter including a material that emits electrons when impacted by charged particles from the target, the ion-to-electron

converter being configurable in a first configuration to convert ions emitted from a target to electrons and configurable in a second configuration to pass electrons from the target through the ion-to-electron converter, the ion-to-electron converter being positioned between the input screen and the scintillator detector, in combination with the remaining aspects of the claim. Since this aspect is neither disclosed nor taught, independent claims 2,13,18, 22, and dependent claims 3-12,14-17,19-21, which also incorporate this aspect are deemed allowable over the primary art of record.

In addition, the examiner would like to state that applicant's arguments' filed, 10/11/05 were persuasive.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anthony Quash whose telephone number is (571)-272-2480. The examiner can normally be reached on Monday thru Friday 9 a.m. to 5 p.m..
